Subject: Dissertation Submission - Arthur

Hi Joyce,

My grad committee has just reviewed my thesis and it is ready for submission to the external evaluator. As per instructions, I need the approval from the department's graduate advisor.
Could you please return the document attached signed back to me?
As a follow-up: do I submit the thesis directly to the doctoral exams team, or should I send it to you (similar to how I did with the external form)?

Kind regards,
Arthur Marques
